As a taxpayer I am very dissatisfied with
how the sewer issue has been handled. I am
a single parent of two children struggling to
pay my bills. An extra \$25000.00 plus will
force me to take a loss on my home and
move into a rental space. I have worked hard
to maintain my own home so my children
are secure. I say 'No' to sewers in
an area that doesn't need them. The
small grant of 10% should be put into

*FOUR YEARS AGO WE BUILT OUR NEW RETIREMENT HOME
IN HERON WOODS WITH A MODERN SEPTIC SYSTEM AND WE DO
NOT WANT ANY PART OF THE PROPOSED EXPENSIVE SEWER SYSTEM
IN OUR OPINION, GET RID OF THE OLD WEEPING TILE
SYSTEMS AND A NEW SEWER SYSTEM WOULD NOT BE
NECESSARY.*

*AS THIS SYSTEM IS CURRENTLY PROPOSED ITS
NOT AFFORDABLE EVEN WITH THE GOVERNMENT GRANTS*

I am opposed to the sewer proposals at
Sauble Beach. Evidence shows that properly
installed septic systems are safer. It
appears me that the consultants and municipality
have made this proposal that will make the developers
& businesses wealthy & I will bear the
cost of tens of thousands of dollars.

I don't trust your judgement.

Manager of Public Works

RE: Sewage

First we paid \$150.00 to have our septic checked and it was good. We live at Sauble Wood Crest. We have friends living on Lake shore of course right across from the lake, and they have never had their septic checked and this cottage has been there for years.

Why have these cottages never been checked? We are for sewage but of course at a cost that we can all afford. We feel there is more funding out there.

After all they are spending all that money for the Blue water park in Wiarnton which most of Wiarnton resident feel was wrong. Funny we don't even have a park here any more.

Thank You for your Time. John and Gail Ermel

Re: Sewers - We strongly oppose sewers
for the entire town of Sauble Beach.
Our septic system is in excellent working
condition and handles all requirements
of our household for well into the
foreseeable future. If the downtown
business' + residents wish to persue
a sewage system then they should
pay for it. Future residential subdivisions
in the planning process could tap into
a sewer system thereby the price of a

We are not prepared to pay a ridiculous fee of \$27,000 + \$8,000 for sewers which would in no way improve the quality of the environment at 11 Silver Lake Cres. Council should spend their energy on inspecting septic systems which they feel are fouling the environment and have systems brought up to standard.

Obviously, someone must have completed a study on septic systems in the area. This study no doubt is driving some members of council to press for a sewer system. Please e-mail us a copy of this study so that we can better understand the motivation for all residents to be part of a sewer system. This study will no doubt point to those whose septic systems are major offenders - thus a starting point to improve the present system.

It is our experience that \$35,000 + will only be a starting point as expense will continue to be incurred as a

I AM DEFINATELY NOT IN FAVOUR OF SEWERS AT SAUBLE BEACH. ONT. POINTS TO SUPPORT MY

① DECISION:- COST TO EACH PROPERTY UNREAL WITH NO ADEQUATE FUNDING.

② NO DEFINATE NEED HAS BEEN PROVEN.

③ PROCESS THUS FAR UNFAIR

④ NOT ALL ALTERNATIVES HAVE BEEN CONSIDERED TO REDUCE COSTS I.E. LOW PRESSURE PUMPING SYSTEM.

⑤ 2/3 FEDERAL / PROVINCIAL IS NOT ENOUGH - FOR SUCH A LARGE PROJECT. 1/3 COST BY MUNICIPALITY TOO HIGH & SHOULD NOT BE BASIS OF JUSTIFYING PROJECT. 2/3 FUNDING DOES NOT HELP US WHEN WE CAN'T AFFORD OUR 1/3.

⑥ PROPOSAL PUT FORWARD @ PUBLIC MEETING #1 WAS MISLEADING THEREFORE COMMENTS RECEIVED DO NOT VALIDATE THE

ALTERNATIVE NOW BEING SELECTED
